SECOND EDITION · FALL 1973

INTRODUCTION

This is the second edition of the Schedule of Classes for the Fall Semester 1973. This edition has been printed to reflect changes which have occurred and to clarify registration procedures not covered in the First Edition published in March 1973. This edition supersedes information printed in the First Edition.

The University reserves the right to change, eliminate, or modify course offerings when, in the judgment of University authorities, circumstances make such action necessary.

The information outlined in this publication applies only to registration in the regular day programs of the College Park Campus of the University of Maryland. Students planning to register for courses offered through the University College (Off-campus or Evening Division), the Baltimore City Campus, the Baltimore County Campus, or the Eastern Shore Campus should follow registration procedures prescribed by those campuses.

UNIVERSITY COLLEGE REGISTRATIONS

A University of Maryland College Park Campus student who wishes to enroll in courses offered by University College should not fill out the regular day-campus registration materials. If the student is an undergraduate and is eligible to attend classes in the day-campus program, i.e. he is in good standing and is currently registered at the College Park Campus, he may register and complete a "Notification of Enrollment with University College" form which will be used to notify the student's division of his registration. If the student is an undergraduate and is not eligible to register the day-campus program, because he was academically dismissed, two full semesters must have elapsed since the dismissal. At that time the student may be admitted to University College and register as a special student.

Only if a student is currently admitted to the University of Maryland Graduate School may he register with University College and be eligible to receive graduate credit.

Registration for Evening Division courses on the College Park campus will be held in the Center of Adult Education on September 4, 5, 6 and 7 according to an alphabetical schedule. For the exact time or for information concerning off-campus courses, consult the University College Schedule of Classes which may be obtained at the Center of Adult Education at University Boulevard and Adelphi Road in College Park. For further information telephone 454-2311.

TUITION

Undergraduate students ..... $28.00 per credit
Graduate students (Maryland Resident) ..... $43.00 per credit
Graduate students (Non-Resident) ..... $59.00 per credit

If a student registers for both University College and day-campus courses, the tuition for University College courses is in addition to that paid for day-campus courses. All tuition and fees for students registering with University College must be paid at the time of registration.

BALTIMORE PROFESSIONAL SCHOOL REGISTRATIONS

Students must register through the Baltimore Office of the Registrar for all courses offered by the Schools and Colleges on the Baltimore Campus. Whenever a student carries courses both at Baltimore and at College Park two registrations are required.

UNIVERSITY IDENTIFICATION SYSTEM

TRANSACTION CARDS All students registered for the fall semester will receive new transaction cards which are an indication of current registration with the University, are used as a recording device in University libraries and admit full-time undergraduates to most athletic, social and cultural events. Cards for pre-registered students will be distributed in Ritchie Coliseum during the week of August 27 according to the alphabetic listing in this publication. Students who register in the Armory will be issued a temporary form of the transaction card which allows those privileges mentioned above and will be replaced by the permanent card approximately two weeks after registration.

All students should carry this card.

PHOTO ID CARDS Students who currently possess University photo identification cards should continue to use them. New and readmitted students will be issued cards in the Armory during the registration period. The photo card is not validated and serves only as physical identification.

Additional information concerning identification cards may be obtained in room 2110 North Administration Building. (454-2734)

FOOD SERVICE IDENTIFICATION

Fall 1973 Food Service I. D. Cards will be available in your assigned Dining Hall which corresponds with your dorm assignment. Registration will be held in these areas on August 26 thru 28 from 7:30 a.m. - 7:30 p.m. and on August 29 students will report to Room 0150 in the Administration Office of the Hill Dining Hall. All Students must sign a board contract and be photographed prior to eating in the dining halls.

Any students with special problems should report either to Mrs. Murphy, in the Ellicott Dining Hall or Mr. Mizrahi, in the Hill Dining Hall.

CHANGE OF ADDRESS PROCEDURE

WHO?

ALL STUDENTS enrolled at the University of Maryland, College Park Campus.

WHEN?

Changes in either local mailing address or permanent address can be processed AT ANY TIME DURING THE SEMESTER THAT THEY OCCUR.

WHERE?

Address Change Forms are available at the following places:

1. Registrations Counter first floor lobby, North Administration Building, 8:30 a.m. — 4:30 p.m., Monday through Friday.
2. Deans' Offices — 8:30 a.m. — 4:30 p.m. Monday through Friday.

COMPLETED FORMS should be returned to the Registrations Counter, first floor lobby, North Administration Building.

WHY?

Since many of the University's new Registration procedures will be handled through the mail, it is imperative both to the student and to the Office of Admissions and Registrations that accurate and up-to-date addresses be maintained throughout the time of enrollment in the University.

Currently Registered Students — during the academic year the local address on file will be used for all mailings other than grade reports. All grade reports will be mailed to a student's permanent address.

Students Not Currently Registered — the permanent address on file will be used for all mailings.

ACADEMIC INFORMATION

SUMMARY OF MAJOR ACADEMIC CHANGES

Effective August 1973

1. **New General University Requirements** replace General Education Requirements. Students presently enrolled may choose which set of requirements will be used for a degree. New "Grading/Retention System" replaces old "Minimum Requirements for Retention". All students will be under the new retention system beginning August 1973.

2. **The schedule adjustment period** will be the first 10 days of classes. During this period students may drop or add courses. Courses dropped during this period will not appear on the student's permanent record. After this schedule adjustment period, the student's status will be considered as full-time if the number of credit hours for which he is enrolled at this time is 9 or more.

3. **Drop period.** Extended to 10 weeks. Drops processed after the Schedule Adjustment Period but within the 10 week drop period will NOT change the total number of quality points a student is required to achieve at the end of the semester. Such drops will NOT change official status from full-time to part-time. A grade of "W" will appear on the permanent record for courses dropped during this period. Students who drop courses during this period will be placed on academic probation and dismissal if they fail to achieve the minimum number of quality points determined by their registration at the end of the schedule adjustment period.

4. **Probation:** A full-time student must achieve 18 quality points in his first semester or he will be placed on academic probation. In subsequent semesters a full-time student must achieve quality points based upon the following schedule: 9 credits requires 18 quality points; 10 credits requires 20 quality points; 11 credits requires 22 quality points; 12 credits or more requires 24 quality points.

   Any student, full or part-time, who fails to maintain a minimum cumulative average of 1.95 at the end of any semester following that in which the total of credits completed at College Park, plus any credits transferred, is 45 credits will be placed on academic probation. (The 45 hours will include transfer hours *plus* hours for all courses with final grades, but *minus* hours for courses declared "Non-applicable" and hours for repeated courses.)

5. **Dismissal:** Under the new Retention Plan, two consecutive citations of probation result in dismissal, and four non-consecutive citations result in dismissal. Probation citations incurred *before* September 1973 do NOT count towards the two consecutive or four total under the new Plan.

6. **Repeated Courses:** The new Retention Plan provides that when a student repeats a course, only the highest grade will be used in computation of the student's cumulative average (but the student's quality points in a given *semester* will be determined by that semester's grades). This principle applies to grades achieved *after* September 1973. All values of grades achieved before September 1973 will be kept in the calculation and have an effect.

7. **Transfer between Programs:** A student who is eligible to remain at the College Park Campus may transfer among curricula, colleges, divisions, or other academic units except where limitations on enrollments have been approved by the Board of Regents.

In all cases of transfer between units, the dean or divisional officer of the receiving unit, with the concurrence of the student, may declare which courses, if any, in the student's previous academic program are not applicable to his new program. Delations may occur both in credits attempted and correspondingly in credits earned. This evaluation shall be made upon the student's initial entry into a new program, not thereafter.

GENERAL ACADEMIC INFORMATION

The changes in academic information described on the following pages become effective August 1973 and will be applicable only to course work for August 1973 and after.

NEW REQUIREMENTS FOR RETENTION AND GRADUATION

1. A minimum of 120 credits of successfully completed (not I, F, or W) course credits are required for graduation in any degree curriculum. Credits transferred, or earned during prior admissions terminating in academic dismissal or withdrawal and followed by readmission, will be applicable toward meeting credit requirements for a degree.

2. A full-time student will be placed on academic probation at the end of any semester in which he does not achieve a total of 24 quality points for that semester, except that he will not be placed on academic probation for this reason if he earns at least a 2.0 average on a registration (at the end of the schedule adjustment period) of 9-11 credits. Exceptions are also allowed for all full-time students in their first semester of registration on the College Park Campus, who must earn at least 18 quality points for that semester. This exception does not apply to students who have earned more than 8 credits through previous registration in the University.

3. Any student, full- or part-time, who fails to maintain a minimum *cumulative* average of 1.95 at the end of any semester following that in which the total of credits completed at the College Park Campus (with grades of A, B, C, D, P, S, or F), plus any credits transferred, is 45 credits, will be placed on academic probation. Credits completed with grades of A, B, C, D, and F, but not S, P, or I will be used in the computation of the cumulative average.

4. A student who does not meet the academic standards for any given semester will be placed on probation and must display acceptable performance in quality points and cumulative average (if applicable) during the next semester in order to regain good academic standing. A student will be dismissed at the end of the second consecutive, or fourth total, semester of unacceptable performance. Courses for which the mark "W" is recorded are excluded from computations of quality point and cumulative average totals at the end of the semester. However, such courses remain in computation of the minimum quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.

5. A student who has been academically dismissed and who is reinstated, will be academically dismissed again if he does not meet the academic standards for any two additional semesters after his return. In the computation of his cumulative average after return, all credits earned at the University of Maryland will be used.

6. When a student is placed on academic probation or is academically dismissed, the action shall be entered on the student's official and permanent record.

7. Any course may be repeated, but if a student repeats a course in which he has already earned a mark of A, B, C, D, P or S, the subsequent attempt shall not increase the total hours earned toward the degree. Only the higher mark will be used in computation of the student's cumulative average. However, the student's quality points in a given semester shall be determined by that semester's grades.

8. Any appeal from the regulations governing academic probation or academic dismissal shall be directed to the Petition Board, which shall be empowered to grant relief in unusual cases, if the circumstances warrant such action.

MARKING SYSTEM

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W. These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Officer, that an actual mistake was made in determining or recording the grade.

2. The *mark of A* denotes excellent mastery of the subject. It denotes outstanding scholarship. In computations of cumulative or semester averages, a mark of A will be assigned a value of 4 quality points per credit hour.

3. The *mark of B* denotes good mastery of the subject. It denotes good scholarship. In computation of cumulative or semester averages a mark of B will be assigned 3 quality points per credit hour.

4. The *mark of C* denotes acceptable mastery. It denotes the usual achievement expected. In computation of cumulative or semester averages a mark of C will be assigned a value of 2 quality points per credit hour.

5. The *mark of D* denotes borderline understanding of the subject. It denotes marginal performance, and it does not represent satisfactory progress toward a degree. In computations of cumulative or semester averages a mark of D will be assigned a value of 1 quality point per credit hour.

6. The *mark of F* denotes failure to understand the subject. It denotes unsatisfactory performance. In computations of cumulative or semester averages a mark of F will be assigned a value of 0 quality points per credit hour.

7. The *mark of P* is a student option mark, equivalent to A, B, C, or D. (See PASS-FAIL option). The student must inform the Office of Registrations of his selection of this option by the end of the schedule adjustment period. In computation of cumulative averages a mark of P will not be included. In computation of quality points achieved for a semester, a mark of P will be assigned a value of 2 quality points per credit hour.
8. The *mark of S* is a department option mark which may be used to denote satisfactory participation by a student in progressing thesis projects, orientation courses, practice teaching and the like. In computation of cumulative averages a mark of S will not be included. In computation of quality points achieved for a semester, a mark of S will be assigned a value of 2 quality points per credit hour.
9. The *mark I* is an exceptional mark which is an instructor option. It is given only to a student whose work in a course has been qualitatively satisfactory, when, because of illness or other circumstances beyond his control, he has been unable to complete some small portion of the work of the course. In no case will the mark I be recorded for a student who has not completed the major portion of the work of the course. The student will remove the I by completing work assigned by the instructor; it is the student's responsibility to request arrangements for completion of the work. The work must be completed by the end of the next semester in which the course is again offered and in which the student is in attendance at the College Park Campus; otherwise the I becomes terminal (equivalent to W). Exceptions to the time period cited above may be granted by the student's Dean or Divisional Officer upon the written request of the student if circumstances warrant further delay. If the instructor is unavailable, the department chairman will, upon request of the student, make appropriate arrangements for the student to complete the course requirements. It is the responsibility of the instructor or department chairman concerned to return the appropriate supplementary grade report to the Office of Registrations promptly upon completion of the work. The I cannot be removed through registration for the course or through the technique of "credit by examination". In any event this mark shall not be used in any computations.
10. *The mark W* is used to denote that the student withdrew from a course in which he was enrolled at the end of the Schedule Adjustment Period. For information and completeness, the mark "W" is placed on the permanent record by the Registrations Office. This mark shall not be used in any computation of quality point or cumulative average totals at the end of the semester. However, this mark does not change the minimum number of quality points a student is required to acheive based on registration at the end of the Schedule Adjustment Period.
11. *Audit*. A student may register to audit a course or courses in which space is available. The notation AUD will be placed on his transcript for each course audited. A notation to the effect that this symbol does not imply attendance or any other effort in the course will be included on the transcript in the explanation of the grading system.

CREDIT BY EXAMINATION FOR UNDERGRADUATE STUDIES

1. The applicant must be a registered student at the University of Maryland. Part-time students must be enrolled in course work carrying at least three semester hours of credit.
2. The total amount of credit that can be established by examination cannot exceed 30 semester credits, nor may it be part of the final 15 semester credits of the student's program. "Credit by examination" cannot be given for a course in which the student has a grade of "I" outstanding.
3. A grade of D or higher must be obtained in order to establish credit by examination. Letter grades, including F's earned on examinations to establish credit will be entered on the studen's transcript and used in computing his cumulative grade point average. Such credits shall be followed by the phrase "By Exam" or "By CLEP Exam", whichever is applicable. A student may elect to take an examination for credit on a "Pass-Fail" basis under the normal "Pass-Fail" regulations.
4. Approval to take an examination in any course will depend on the student's having received approval of his Academic Advisor, the Chairman of the Department offering the course and the Dean of the College in which the student is enrolled.
5. The instructor must certify on the report of the examination submitted to the Registrations Office that copies of the examination questions or identifying information in the case of standardized examinations, and the student's answers have been filed with Chairman of the Department offering the course.

PASS-FAIL OPTION DEFINED UNDERGRADUATE

1. An undergraduate who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his Divisional Officer, Dean, department or major advisor, whether the particular courses will be applicable to his degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's permanent record. In computation of cumulative averages a mark P will not be included. In computation of quality points achieved for a semester a mark of P will be assigned a value of 2 quality points per credit hour. The grade F will remain as given. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

GRADUATE - Not eligible for the PASS-FAIL grading option.

1. The applicant must be a registered student at the University of Maryland.

GRADUATE - Not eligible for the PASS-FAIL grading option.

GENERAL REQUIREMENTS

Effective August 1973, new GENERAL UNIVERSITY REQUIREMENTS replace the General Education Requirements. Students presently in the University who graduate after August 1973 have the option of completing either the old General Education Requirements or the new General University Requirements. *All students first entering the University in August 1973 or after must complete the new General University Requirements.*

GENERAL UNIVERSITY REQUIREMENTS (NEW)

GENERAL UNIVERSITY REQUIREMENTS consist of 30 semester hours of credit distributed as described below:

I. At least 6 credits must be taken in each area. At least 9 or the 30 semester hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Students may select either the pass-fail or letter grading option for these courses as outlined in this Schedule (see PASS-FAIL OPTION DEFINED).

Area A: 6-12 hours elected in Divisions I and II - Agricultural and Life Sciences; Mathematical & Physical Sciences & Engineering.

Area B: 6-12 hours in Divisions III and V - Behavioral and Social Sciences; Human and Community Resources.

Area C: 6-12 hours in Division IV - Arts and Humanities.

In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. Students are urged to consult with academic advisers for guidance in determining which courses in each area best fit individual needs and interests.

II. Demonstration of competency in English composition. Unless the student has been exempted from English composition, at least one course in this subject will be required. Exemption is granted if the student earns an acceptable score on the Illinois Rhetoric Test administered by the Department of English (score announced annually), or a score of 2 on the English Advanced Placement Test, or by satisfactory completion of a similar course at another institution. Students taking a course to satisfy this requirement may apply the credits toward the 30-hour General University Requirement but may not count these credits toward the satisfaction of the minimum 6-hour requirement in any of the three designated areas. Credit for such a course may be in addition to the 12-hour maximum in any area.

GENERAL EDUCATION REQUIREMENTS (OLD)

These requirements are applicable *only* to students whose first semester at the University of Maryland was prior to August 1973 and who choose to complete these General Education Requirements rather than the new General University requirements.

For students electing to satisfy the old General Education Requirements, the following specific courses may be used (course descriptions appear in the Consolidated Undergraduate Catalog). In addition, a student may (within the limits of his particular curriculum) satisfy a General Education requirement in each category with any designated course for which he is eligible by placement examination, department evaluation, etc. Additional information may be obtained from the Office of the Dean for Undergraduate Studies, Room 1115 Undergraduate Library (X 2530-2531).

Two (2) physical activity courses, and one Health Education course (HLTH 105) are required of both men and women students.

If students under the old General Education Requirements now take a basic PHED course (100A — 177Z), they will receive credit toward graduation for that course only if it is in addition to their two required PHED courses.

Students under the new University Requirements will receive credit toward graduation for all PHED courses.

BACHELOR OF GENERAL STUDIES DEGREE PROGRAM

The Bachelor of General Studies degree, approved by the Board of Regents in 1972, differs from other current degrees in that it is a degree without a concentration in a specific discipline or department.

The BGS program permits the student to obtain an education in as broad a set of disciplines or thought patterns as are offered at the College Park Campus without insisting that he adhere to a previously defined curriculum with a departmental or divisional orientation.

No other University degree requirements, such as General Requirements, physical education, health, etc. will apply to the BGS.

Students who elect this program should specifically be aware that it is not designed to satisfy graduate school admission requirements or professional employment requirements. The very concept of the BGS is predicated on a broad ranging educational objective and not on the more specific requirements of graduate school and professional employment. It will be some time before the attitude of employers and graduate schools become clear toward the graduate of the BGS program. Students electing it must be aware of these uncertainties and accept the responsibilities.

Additional information may be obtained from Dr. Margaret Carthy in the Office of the Dean for Undergraduate Studies (telephone: 2530/31).

REQUIREMENTS

To receive a Bachelor of General Studies degree, a student must satisfy the following requirements:

1. *A minimum of 120 credits must be accumulated with a grade point average of at least 2.0 in all courses.*
2. *No more than 30 credits in any one department may be applied toward the required 120 credits.*
3. *The courses taken must be distributed over at least three divisions with a maximum of 60 credits in any one division counted toward the required 120 credits.*
4. *At least 45 credits must be taken at the upper level (courses numbered 300 or higher); a 2.0 average must be obtained in all upper level courses.*
5. *The student must be registered as only a Bachelor of General Studies major for at least the last 30 credits immediately preceding the awarding of the degree. A student who wishes to earn a second baccalaureate must satisfy all University requirements for the earning of two degrees.*
6. *The student pursuing the BGS program shall be advised by a faculty member either appointed by or acceptable to the Dean for Undergraduate Studies.*

IMPORTANT NOTICE
A&S Students

Effective with the Campus reorganization, July 1, 1973, the bulk of the student academic records which were formerly maintained by the Office of the Dean, College of Arts & Sciences (Room 1120, Francis Scott Key Hall) have been *transferred* to the office of the Division now administering those students' major departments. See below for the locations of the various Division offices. Students who have not yet declared a major, and those who have indicated a curricular choice (but no other major) in Pre-Dentistry, Pre-Law or Pre-Medicine have had their records sent to the General Undergraduate Advisement Office, Rm. 3153 Undergraduate Library. The records of students majoring in departments under the aegis of the Division of Arts and Humanities will remain in Rm. 1120, Francis Scott Key.

Students thus affected should go to the Office of the Chairman of their Division or, where appropriate, to the General Undergraduate Advisement Office to transact such academic matters as: schedule adjustment (drop or add) after the stated deadlines; transfer credit evaluation; discussion of requirements for a degree; permission letters to take courses at another Campus or university; letters of recommendation, etc.

In all cases students who were in the College of Arts & Sciences at the time of the transition may continue seeking a degree from the College of Arts & Sciences or may change to a degree from the Division. To determine eligibility for either degree, students should consult their Divisional representative. Students should indicate their choice of degree when filing their applications for diplomas.

If questions arise concerning where your academic records are now located, please consult your Division Office or the General Undergraduate Advisement Office, Rm. 3153 Undergraduate Library, Ext. 2733 or 3040.

ADVISEMENT INFORMATION

INTRODUCTORY STATEMENT

UNDERGRADUATE — With the exception of new students, advisement is not a mandatory part of the undergraduate registration system. The decision regarding necessity of advisement is up to the student. However, all students are strongly urged to avail themselves of advisement as needed. It is of utmost importance for each student to familiarize himself with the degree requirements indicated in the Consolidated Undergraduate Catalog. If advisement is desired, advisors are available and anxious to assist the students. They are familiar with special degree requirements, course prerequisites and the general stipulations governing admission to courses which require permission of the instructor. Arrangements for advisement can be made through the department.

For additional information about advisors and advisement procedures contact the Dean for Undergraduate Studies in Room 1115, Undergraduate Library or call on x2530.

Advisement is required for all first semester freshmen and transfer students.

GRADUATE — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

CREDIT LIMITS DEFINED

UNDERGRADUATE — limited to 21 sem. hrs.

Any exceptions must be approved by the Dean. Forms for this purpose will be available in the Dean's Office and should be turned in with Registration Materials.

Since the 1972 Fall Semester the Department of Germanic and Slavic Languages and Literature has been offering a new 'goal-directed program' of German Language Study. Students and teachers make a contract for a specific goal: 85% - 90% mastery of the course content; — such mastery on the final exam guarantees an A in the course. The student and teacher work together to reach the contracted goal. Innovative teaching methods allow considerable individualized classroom instruction. In addition to teaching all four language skills, our new program promotes cultural awareness. Students learn to understand and speak German and only then go on to read and write what they can understand and speak. In the process we compare American culture and the lifestyle of the German-speaking nations.

FOREIGN LANGUAGE PLACEMENT

ARTS AND HUMANITIES REQUIREMENTS: If a student has had three years of one foreign language or two years each of two foreign languages as recorded on his high school transcript, he is not required to take any foreign language in the division, although he may elect to do so.

However, the College of Journalism requires completion either by course work or placement, of any intermediate language level (104, 115). The School of Architecture has no foreign language requirement.

FRENCH DEPARTMENT: Students who have had two or more years of high school French are required to take the Placement Exam. They may place in French 101 *for credit*, French 103, French 104, or higher. Admission to French 102 is limited to those who have completed French 101 at the University of Maryland, College Park. Students with less than two years of high school French or with a five-year gap in their French studies may take French 101 *for credit*. Transfer students with some college French should consult the department for placement. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam.

GERMAN DEPARTMENT: Students who have had two or more years of high school German are required to take the placement exam unless they have taken the CEEB German Achievement test and the results have been forwarded to the University. German students placing below German 113 are required to take German 111 and German 112 before continuing with German 114 and 115.

SPANISH DEPARTMENT: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the Placement Exam if (1) they feel uncertain as to their ability to take Span. 104, or (2) they wish to be exempted from Span. 104.

Students who have taken the CEEB Spanish Achievement Test should submit their achievement scores in lieu of taking the University's Placement exam.

A student with two or more years of high school Spanish may take Span. 101 for credit provided he obtains the permission of the Chairman of the Department. Students starting in Span. 101 must follow the prescribed sequence of Span. 101, 102, and 104.

Students who feel uncertain as to their ability to take Span. 104 may opt to take Span. 103 (a one semester review course) without taking the University Placement exam.

Spanish students placing in 103 must complete 104 to satisfy the Arts and Sciences language requirement. Students placing in 104 are required to complete 104 only. Students placing above 104, or who have taken the equivalent of 104 at another institution, are deemed to have satisfied the language requirement.
